Sandra Spence

TMDL Approval Count

Thanks, Sandie,
I'll look at it this afternoon...when the BMW model training is over for the day!

Hi Joni,

I've looked over the Illinois Gulch TMDL document and it looks good. I had just a few questions for you and simply included those as track changes in the attached document. Take a look and give me a call with questions. Otherwise, this looks ready for final submittal. I'll do the MSR with the final as there aren't any significant changes needed at this time. Let me know if you have trouble opening the attachemnt - I worked on this using my son's laptop and it has the more recent MS operating system that somethings causes conversion problems.

Thanks very much for all your efforts,
Sandie
